**To Mr. Renato Di Napoli
MTTU President**

Dear Mr. President

I am very emotionalized with your warmth feelings towards our devastated city and what made me overcome the painful reality is your belief and trust that we will withstand it as we have survived earlier.

Lebanon was always present in all the Table Tennis forums around the globe on the playgrounds as well as in the administrative part, being deputy president and founding member of MTTU are a good corroboration to that.

Yes, my country is under the rubbles now and its Table Tennis community too but it will resurrect again thanks to the tenacity of its citizens and to its loving and caring international friends.

Once more, in the name of all my colleagues at LTTF, I thank you my dear friend.

Best regards,

**Selim Hajj-Nicolas
LTTF President**
